EXPERIENCE

Consumer Protection Intern, **Texas Office of the Attorney General**, Austin, TX   June 2021 - August 2021
- Researched codebases, documentations, and depositions regarding confidential ongoing litigation in the tech industry, with issues ranging from data protection and privacy to algorithmic accountability in machine learning
- Published and presented recommendations regarding the feasibility of and use of expert witnesses in new or ongoing litigation in the tech industry

Business Development Intern, **IssueVoter**, Washington, DC   May 2020 - July 2020
- Created and managed IssueVoter's CRM platform on Airtable, keeping contacts with hundreds of nonprofit organizations and government interest groups
- Designed IssueVoter pitch deck for organizations partnerships proposals, working with outside consultants to promote the IssueVoter platform

ACTIVITIES

Consultant, **Princeton University Nonprofit Consulting**, Princeton, NJ   Sept 2019 - Present
- Researched eCommerce entry points (Amazon/Whole Foods, coffee subscriptions) and redesigned branding and marketing of coffee products to expand reach of Aspire Coffeeworks' products in Chicago
- Distributed surveys and expanded funding for the nonprofit Citizens' Campaign for its product launch of civic leadership curriculum materials

Director of Administration, **Princeton Model Congress**, Princeton, NJ   Sept 2019 - Present
- Chaired committees for Princeton Model Congress's high school debate competition held in Washington DC
- Organized scheduling, meetings, policy papers, and other conference logistics and day-of operations for Princeton Model Congress's virtual conference in 2020

Marketing Team, **Rehack (Princeton Entrepreneurship Club)**, Princeton, NJ   Sept 2020 - Present
- Organized Rehack, the nation's first reverse hackathon, to encourage students with a passion for software engineering to discover new ways to redesign consumer technology
- Headed Rehack's outreach and marketing campaign on the West Coast, bringing students from the UCs, CSUs, and other West Coast universities to Rehack for the first time

AWARDS & FELLOWSHIPS

Public Interest Technology Fellow, **Center for Information Technology Policy**, Princeton, NJ   Jun 2021
- Fellowship granting workshops, internships, and funding for work in public interest technology

Osawa Fellowship, **Princeton in Asia**, Tokyo, Japan   Jan 2020
- Rescinded due to COVID-19
